Absent such evidence, AS may require additional fare collection from the passenger for any difference between the fare paid for the ticket from origin to destination and the fare which would apply from the intermediate boarding point to the destination.

K. AS will exercise reasonable efforts to ensure that all fares it publishes are accurate and available for sale, but AS reserves the right to correct any erroneously published fare that AS did not intend to offer for sale.

Letting us know in advance will generally result in a smoother trip. Once your travel plans are confirmed, please contact Alaska Airlines Reservations at 1-800-252-7522 (TTY: Dial 711 for Relay Services) so we may document that you will
be using your “approved” POC during your flight. You may visit our website for a complete list of approved devices at www.alaskaair.com

   b) You must obtain a new Physician’s Consent Form whenever your health changes in such a way that affects your need for supplemental oxygen while traveling by plane.

4. You must provide and know how to use rented or owned Portable Oxygen Concentrators that are "approved" for use onboard, since AS does not provide this equipment.

   a) You are welcome to bring your personal POC or rent from a provider of your choice, however we recommend our preferred POC vendor, Aviation Mobility. To arrange rental service with Aviation Mobility, please contact them at directly at 1-877-365-9711.
   b) Other POC brands and models may be carried in the cabin with the batteries removed, if they meet the carry-on size and weight requirements.

5. If you wish to use a POC, you must ensure that you have ample, fully charged batteries to power the POC for the duration of the flight and ground connection time where the POC is planned to be used (per manufacturer's recommendation), plus one additional battery for unanticipated delays.

   a) You must ensure that all extra batteries are properly protected from short-circuiting by having recessed battery terminals or by packaging the batteries so they do not contact metal objects, including the terminals of other batteries.
   b) AS does not have electrical power or spare batteries available for customers use onboard our aircraft.
6. To comply with Safety Regulations, customers using a POC will be seated in a seat closest to the window and may not occupy the emergency exit or the bulkhead rows (unit must be stored under seat in front of the passenger).

      2. The carrier shall not avail itself of any exoneration defense under the Montreal or Warsaw Convention with respect to that portion of such claim for death or bodily injury of a passenger which does not exceed 113,100 Special Drawing Rights ("SDRs").
      3. Except as otherwise provided in paragraphs (i) and (ii) hereof, the Carrier reserves all defenses available under the applicable Convention to such claims. With respect to third parties, the carrier reserves all rights of recourse against any other person, including without limitation, rights of contribution and indemnity.

3. a) Any liability of carrier for loss of, damage to, or delay in delivery of checked baggage subject to the Warsaw Convention is limited to 250 French gold francs (approximately USD 20.00/CAD 30.00) per kilogram in the case of checked baggage, and 5000 French gold francs (approximately USD 400.00) per passenger in the case of unchecked baggage or other property, unless a higher value is declared in advance and additional charges are paid pursuant to carrier's regulations. In that event, the liability of the carrier shall be limited to such higher declared value. In no case shall the carrier's
liability exceed the actual loss suffered by the passenger. All claims are subject to proof of amount of loss.

b) For purposes of determining liability under the convention with respect to checked baggage, the weight of each piece shall be deemed to be 32 kilograms (70 pounds), unless otherwise stated on the baggage check.

In that event, the liability of the carrier shall be limited to such higher declared value, except that the higher declared value should not apply to those excluded items set forth in Rule 116 (Acceptance of Baggage - General) included in checked baggage or otherwise delivered to the custody of the carrier with or without the carrier’s knowledge. In no case shall the carrier’s liability exceed the actual loss suffered by the passenger. All claims are subject to proof of amount of loss and proof of loss shall be determined by the documented original purchase price less the applicable depreciation for prior usage.

b) For purposes of determining liability under the applicable Convention with respect to checked baggage, the weight of each piece of checked baggage shall be deemed to be 32 kilograms (70 pounds), unless otherwise stated on the baggage check.

c) In the event of delivery to the passenger of part, but not all of his checked baggage or in the event of damage or loss to part, but not all, of his baggage the liability of the carrier with respect to the undelivered, damaged or lost portion shall be reduced proportionately on the basis of weight notwithstanding the actual value of the undelivered, damaged, or lost portion.

d) In the event of delay in delivery of checked luggage, the carrier will pay interim expense in accordance with its interim policy.

e) Any failure to enforce the maximum limitations of liability shall not be construed as a total waiver of the right to limit liability at an amount higher than that set forth in the applicable tariff, nor in any way affect the validity of this provision.

E. Time Limitations on Claims and Actions
1. No action shall be maintained for any loss of, or damage to, or any delay in the delivery of, any property or baggage, or on any other claim (excepting only personal injury or death), arising out of or in connection with transportation of, or failure to transport any passenger or property or baggage unless the claim is presented to an office of AS or, in the case of interline transportation, to the carrier alleged to be responsible therefore immediately after discovery or at the latest, within 7 days from the date of receipt of checked luggage. In the case of delay, the complaint must be made at the latest within twenty-one days from the date on which the baggage has been returned. After such alleged occurrence (1 year For AS flight series 2000). Any written notification received within 45 days after which clearly indicates the nature of the claim is sufficient to meet the requirements for timely notice. Failure to give the above notice shall not be a bar if the claimant can show good cause for his failure to bring the claim within 45 days.

2. Any right to damages against carrier shall be extinguished unless an action is brought within two years reckoned from the date of arrival at the destination, or from the date on which the aircraft ought to have arrived, or from the date on which the carriage stopped. No claims for overcharge shall be valid and no action shall be maintained thereon more than one year after date of sale of the ticket, unless such claim or action is accompanied by the passenger coupon of said ticket.

F. Overriding Law: In so far as any provision contained or referred to in the ticket or in this tariff may be contrary to a law, international treaty, government regulation, order or requirement which severally cannot be waived by agreement of the parties, such provisions shall remain applicable and be considered as part of the contract of carriage to the extent only that such provision is not contrary thereto. The invalidity of any provision shall not affect any other part. Modification and Waiver: No agent, servant, or representative of carrier has authority to alter, modify, or waive any provisions of the contract of carriage of this tariff.
Rule 60AS - Reservations

A. Confirmation of Reserved Space: A reservation for space on a given flight is valid when the availability and allocation of such space is confirmed in AS's reservation system. A validated ticket will be issued indicating such confirmed space once the ticket is purchased. Unless an earlier advance ticketing deadline is imposed by the applicable fare rule, the reservation must be paid for and ticketed at least 60 minutes before posted departure time, otherwise AS may cancel reservations and seat assignments of tickets not yet purchased.

1. Because not all passengers holding confirmed reservations actually use those reservations, AS may intentionally confirm a greater number of reservations for a flight than there are seats available in the aircraft. In that event, AS's obligation to the passenger is governed by Rule 87 (Denied Boarding Compensation).

2. A passenger who obtains a ticket that reflects confirmed space on a specific flight and date shall be regarded as having confirmed reserved space even if no other record of the reservation can be found.

3. Seat allocation: Carrier does not guarantee allocation of any particular space in the aircraft.

4. Waitlists: Waitlisting, when allowed by the applicable fare rules, will be permitted provided confirmation of original booking code inventory from waitlist meets all other provisions of the governing fare rule.

B. Cancellation of Reservations

1. AS may cancel reservations and seat assignments of any passenger when necessary to comply with any governmental regulation or request for emergency transportation in connection with the national defense, or when necessary or advisable by reason of weather or other conditions beyond AS's control.

2. Failure to occupy space: If the passenger fails to occupy space which has been reserved for him/her and AS fails to receive notice of cancellation of the reservation prior to the departure of the flight, or if AS cancels the reservation and seat assignments of any passenger in accordance with this rule, AS may, in addition, cancel all reservations and seat assignments held by such passenger for continuing or return space.

3. Duplicate, impossible/illegal, fraudulent, fictitious or abusive reservations are prohibited and may be subject to cancellation. A duplicate or impossible/illegal booking includes, but is not limited to, bookings for the
same passenger on flights traveling on or about the same date between one or more of the same or nearby origin and/or destination (such as SEALAX and SEAONT or SNASEA and ONTSEA), or bookings with connections that depart before the arrival of the inbound flight. Fraudulent, fictitious or abusive bookings are defined as any bookings made without having been requested by or on behalf of the named passenger. Additionally, creating bookings to hold or block seats for the purpose of obtaining lower fares, Mileage Plan award inventory, or upgrades that may not otherwise be available, or to gain access to airport facilities, or to circumvent any of Alaska Airlines’ fare rules or policies, is prohibited without prior authorization from Alaska Airlines.

4. Where a ticket is invalidated as the result of the passenger's non-compliance with any term or condition of sale, Alaska Airlines has the right in its sole discretion to: (a) Cancel any remaining portion of the passenger's itinerary, (b) Confiscate unused flight coupons, (c) Refuse to board the passenger or check the passenger's luggage, (d) Refuse to refund an otherwise refundable ticket, or (e) Assess the passenger for the reasonable remaining value of the ticket, which shall be no less than the difference between the fare actually paid and the lowest fare applicable to the passenger's actual itinerary. AS is not liable in the event that one or more of the duplicate, impossible/illogical, fraudulent, fictitious or abusive reservations are canceled.

5. Airport Check-In Time Limits: AS has the right to cancel reservations and seat assignments of any passenger who fails to present himself/herself within the following time limits preceding posted departure time of applicable flights as follows: Note: The time limits provided by AS in this rule are minimum time requirements. Due to federal security screening measures in place at airports, passenger-processing time may differ from airport to airport. AS provides information regarding various airport requirements on its website (www.alaskaair.com) but it is the passenger's responsibility to ascertain the departure airport's time requirements for security screening so that they comply with AS minimum time limits.
   a) Passengers must adhere to the following minimum times:
      1. Unless an earlier advanced ticketing deadline is imposed by the applicable fare rule, passengers required to purchase tickets must do so at least 45 minutes prior to posted departure time, otherwise AS may cancel reservations and seat assignments of tickets not yet purchased; and
      2. Reservations and seat assignments may be canceled if passenger fails to meet the check-in and boarding cut-off times below:
         a) Customers and checked bags must be checked in at least 60 minutes prior to departure.
            Exception: Customers departing Guadalajara, Mexico
must be checked in at least 90 minutes prior to departure.

b) Customers must be at the departure gate and available for boarding at least 30 minutes prior to posted departure time.

3. Passengers must arrive at the airport sufficiently in advance of a flight departure time to permit completion of government requirements, security procedures and departure processing. Reservations and seat assignments may also be canceled and departures will not be delayed for passengers who are improperly documented, or have not completed all security processing, have not met the carrier's check-in requirements, or are otherwise not ready to travel by the posted departure time.

C. AS is not liable when it cancels the reservation of any passenger in accordance with this rule, but if such reservation was cancelled pursuant to paragraph (c)(1) of this rule, such carrier will take such action as is provided in Rule 80 (Revised Routings, Failure to Carry). (B) If such reservation was cancelled pursuant to other paragraphs of this rule, such carrier will refund in accordance with Rule 90 (Refunds-Voluntary).

Rule 61AS - Capacity Limitations

AS may limit the number of passengers carried on any one flight at fares governed by rules making reference hereto. Such fares will not necessarily be available on all flights. The number of seats available on a given flight will be determined by AS's best judgment as to the anticipated total passenger load.

Rule 65AS - Tickets

General:

A. No person shall be entitled to transportation except upon presentation of a valid ticket. Such ticket shall entitle the passenger to transportation only between points of origin and destination and via the routing designated thereon.

B. Flight coupons will be honored only in the order in which they are issued, and only if all unused flight coupons and passenger coupons are presented together.

C. A ticket which has not been validated, or which has been altered, mutilated or improperly issued, shall not be valid.

D. The purchaser of the ticket is considered to be the owner of the ticket. If the purchaser cannot be determined, the traveler whose name is on the ticket is assumed to be the purchaser.

E. Tickets are not transferable but AS is not liable to the owner of a ticket for honoring or refunding such ticket when presented by another person.

F. Tickets may be purchased on credit, installment, or time payment plans lawfully in effect, subject always to AS's approval of credit.

G. In addition to the otherwise applicable fare, a USD15.00/CAD15.00 per ticket service fee will be collected for all tickets purchased through Alaska Airlines and Horizon Air Reservations or at our airport locations. Tickets are available for purchase without a Service Fee at alaskaair.com.

H. Prohibited Practices:
   1. Use of coupons from two or more tickets issued at roundtrip fares for the purpose of circumventing applicable tariff rules is not permitted. AS and travel agents are prohibited from issuing tickets commonly referred as "Back to Back Ticketing" under such circumstance when there is obvious intent to abuse and/or misuse restricted round trip fares.
   2. The purchase and use of round trip tickets for the purpose of one-way travel only, known as "Throwaway Ticketing," is prohibited by AS.
   3. Fares apply for travel only between the points for which they are published. Tickets may not be purchased and used at fare(s) from an initial departure point on the ticket which is before the passenger's actual point of origin of travel or to a more distant point(s) than the passenger's actual destination being traveled, even when the purchase and use of such tickets would produce a lower fare. This practice is known as "Hidden Cities Ticketing" or "Beyond Point Ticketing" and is prohibited by
AS. NOTE: For this instance, co-terminals are considered to be the same point.

4. Reissuing a nonrefundable ticket and applying the value of the existing ticket towards the creation of two or more new tickets is prohibited by AS. A nonrefundable ticket may only be reissued on a one-for-one basis. Any residual value to the existing ticket may be issued as a credit certificate if the applicable fare rules allow.

5. Duplicate or impossible/ illogical bookings, as discussed in Rule 60AS.

6. Fraudulent, fictitious or abusive bookings, as discussed in Rule 60AS.

I. (Not Valid to/from Canada) In the event a ticket becomes the subject of a credit card chargeback based upon impropriety, an NSF check, a fraud or other form of compromised payment, the ticketed passenger is jointly and severely liable for the ticket costs plus an administrative fee. A ticketed passenger assumes all risk of loss for any ticket not purchased from AS or an AS authorized travel agent. Failure to pay ticketing costs and fees within sixty days of notification may result in initiation of legal action or collection services. The ticketed passenger shall be jointly and severely liable for all attorney or collection fees.

J. Ticket Validity

Period of Validity: A ticket will be valid for transportation for one year from the outbound date on the original ticket.

**Rule 75AS - Currency of Payment**

Except as otherwise provided below, fares and charges are payable in any currency acceptable to carrier. When payment is made in a currency other than the currency in which the fare is published, such payment will be made at the rate of exchange established for such purpose by carrier, the current statement of which is available for inspection by the passenger at carrier's office where the ticket is purchased. The provisions of this paragraph are subject to applicable exchange laws and government regulations.

A. Payment of fares for travel originating in the U.S. shall be in U.S. currency.

B. Payment of fares for travel originating in Canada shall be in Canadian currency.

C. Payment of fares for travel originating at a point outside the U.S. and/or the Russian Federation and destined to a point in the U.S. shall be in the currency of the country of origin, except as provided in (c) below and with the exception of the Russian Federation.

D. Payment of fares for travel originating at a point outside the U.S. destined to a point in the U.S. May also be made in the U.S. in dollars when the fare in the currency of the country of origin is converted to dollars at the local bankers' buying rate of exchange. Exception: Payment of fares for travel originating in the Russian Federation shall be in USD.

E. In case of cancellation or rerouting which results in a partial refund of the original fare, the value of the unused portion of the ticket shall be calculated in the
currency of the country of transportation origination (except the Russian Federation). Such amount may be refunded in the currency of the country of transportation origination or may be converted into the currency of the country of refund or reissuance at the local bankers’ buying rate in effect at the time refund takes place. Note: AS will pay the refund in the same form (i.e., cash, check, credit card, etc.) that was used in purchasing the original transportation document. AS in making the refund will observe any refund restriction that may be published in the applicable rules governing the original transportation document. Exception: Refunds for travel originating in the Russian Federation shall be calculated and refunded in USD.

F. Where an additional collection is to be made as a result of the rerouting, the additional amount may be collected in the currency of the country of transportation origination (except the Russian Federation) or may be converted into the currency of the country in which the rerouting takes place at the local bankers' buying rate in effect at the time of rerouting. Such amount shall not be greater than the fare published in the currency of country of transportation origination for the transportation actually used and/or to be used. Exception: Additional collection for travel originating in the Russian Federation shall be in USD.

G. “Bankers' Buying Rate” means the rate at which, for the purpose of the transfer of funds through banking channels (i.e., other than transactions in bank notes, travelers checks, and similar banking instruments), a bank will purchase a given amount of foreign currency in exchange for one unit (or units) of the national currency of the country in which the exchange transaction takes place.

Exception 1: In the U.S.A., the Bankers' Buying Rate means the rate published each Tuesday in the wall street journal under the heading of "selling prices for bank transfers in the U.S. for payment abroad." This rate will be applicable from Wednesday of each week up to and including the Tuesday of the following week.

Exception 2: When a national holiday falls on Monday, foreign exchange rates do not appear in the Tuesday edition of the Wall Street Journal. In such exceptional cases the previous week's rates are used through Wednesday instead of Tuesday, and the Wednesday edition of the Wall Street Journal will be used for the period Thursday through Tuesday.

Exception 3: In the case of Belgium, France, and Italy where two rates (commercial and financial) are shown, the commercial rate shall be used.

Exception 4: In Canada, the Bankers' Buying Rate means the rate published each Saturday in the Toronto Globe & Mail under the heading Foreign Exchange - Mid Market Rate in Canadian Funds. This rate will be applicable from Monday of the following week up to and including the Sunday following after. When exceptional circumstances prevent the publication of exchange rates in the
Saturday edition of the Toronto Globe & Mail the currently applicable exchange rates will remain effective until 2 days after superseding exchange rates are published. Such superseding rates will be effective through the first Sunday following their publication dates.

Rule 80AS - Revised Routings, Failure to Carry and Missed Connections

A. Liability of Carrier: Except to the extent provided in paragraph (B) of this rule, AS shall not be liable for failing to operate any flight according to schedule or for changing the schedule of any flight, with or without notice to the passenger. This exclusion from liability includes actual and consequential damages.

B. Options of Passengers: The provisions of this rule apply only to passengers who have a valid ticket reflecting a confirmed reservation on a flight affected by a Schedule Irregularity.

C. Definitions: Schedule Irregularity means:
   1. Delay in scheduled departure or arrival of flight resulting in a misconnection, or
   2. Flight cancellation, omission of a scheduled stop, or any other delay or interruption in the scheduled operation of an Alaska flight, or
   3. Substitution of equipment or a different class of service, or

      b) If acceptable to the passenger, provide transportation to his/her destination or next ticketed stopover point on another airline's flight in the same or higher class of service than reflected on the passenger's ticket at no additional charge in the same or higher class of service than reflected on the passenger ticket at no additional charge; or

c) If on the outbound leg, return passenger to city of origin and refund the entire ticket to the original form of payment. If on the return leg, refund unused portions of the ticket in accordance with Rule 90.

4. AS may, at its option and if acceptable to the passenger, transport a passenger affected by a Schedule Irregularity to his/her destination or next ticketed stopover (or its co-terminal specified in Rule 90 (D.5)) in point via surface transportation, or a combination of surface transportation, AS flights and other carriers' flights, at no additional charge.

E. Change in Schedule: When a ticketed, confirmed passenger will be delayed because of a change in AS's schedule as defined in rule 1AS, Alaska will arrange to:

1. Transport passenger to his/her destination or next ticketed stopover point on another AS flight on which space is available in the same or higher class of service than reflected on the passenger's ticket at no additional charge; or

2. Refund according to Rule 90 (Refunds) Exception 1: When an AS schedule results in the cancellation of all AS service between two cities, AS will reroute passengers holding confirmed reservations on AS between such cities over the lines of one or more other carriers at no additional cost to the passenger. Exception 2: Change in schedule does not include force majeure events as defined in Rule 80 (G).

F. Passengers Rerouted by Other Airlines: When passengers are involuntarily rerouted on AS by other airlines, AS will have no obligation to accept another
airline's ticket which does not reflect a confirmed reservation on AS, unless the issuing airline reissues the ticket for any changes in routing. In the event such carrier is not available to do so, AS reserves the right to reroute the passenger only over its own lines between the points named on the original ticket. Note: Notwithstanding the provisions of this paragraph, AS will not accept tickets issued on the ticket stock of a carrier who voluntarily or involuntarily has become the subject of bankruptcy proceedings or who is in substantial default of its interline obligations, except under the following condition: Tickets issued or revalidated on the defaulting carrier's stock prior to the date of filing of the bankruptcy petition or the date of default will be accepted over the segments where AS is shown as the carrier, on a space-available basis.

G. AS may, in the event of a Force Majeure Event, without notice, cancel, terminate, divert, postpone, or delay any flight or the right of carriage or reservation of traffic accommodations and determine if any departure or landing should be made, without any liability except to refund in the original form of payment in accordance with involuntary refund rules any unused portion of the ticket. As used in this rule "force majeure event" means:

1. Any conditions beyond AS's control (including, but without limitation, meteorological conditions, acts of god, riots, civil commotion, embargoes, wars, hostilities, disturbances, or unsettled international conditions), actual, threatened or reported or because of any delay, demand, circumstances or requirement due, directly or indirectly, to such condition; or
2. Any strike, work stoppage, slowdown, lockout or any other labor-related dispute involving or affecting AS's service; or
3. Any government regulation, demand, or requirement; or
4. Any shortage of labor, fuel, or facilities of AS or others' or
5. Any fact not reasonably foreseen anticipated or predicted by AS.

H. The provision of services in addition to those specifically set forth in this rule to all or some passengers shall not be constructed as a waiver of AS's rights. Neither shall any delay on the part of as in exercising or enforcing its rights under this rule be constructed as a waiver of such rights.

1. AS will reroute at a passenger's request upon presentation of the ticket or portion thereof then held by the passenger, however, as shall be required to exchange/reroute only between points on the original ticket which it serves.
2. Endorsement for purpose of rerouting: AS will endorse the ticket, or portion thereof, then held by the passenger for the purpose of rerouting if the request is made at least three hours prior to the scheduled departure of the flight on which the passenger holds a reservation.
3. Fare applicable to rerouting or change in destination.
a) Passengers may request that the routing and/or ultimate destination designated on his/her ticket be changed in accordance with paragraph (C)(2) below, provided that after transportation has commenced, a one-way ticket will not be converted into a round-trip, circle-trip, or open-jaw trip ticket.

b) The fare and charges applicable to reroutes or changes to ultimate destination at the passenger's request prior to arrival at the destination named in the ticket shall be determined by reference to the fare rules that govern the ticket. Any difference between the fare and charges so applicable and the fare and charges applicable to the original ticket issued to the passenger will be collected from or refunded to the passenger, in accordance with the applicable fare rules. Note: The applicable fare and charges will be those in effect on the date the rerouting or change in ultimate destination is entered on the passenger's ticket.
Rule 86AS - Default Protection Plan - Special Conditions

Notwithstanding any other rule, upon notice of default pursuant to the Air Traffic Conference Default Protection Plan (DPP) Agreements (CAB 27010-All and 28674) approved by the CAB in Order 82-3-46, as will accept revenue passengers of a "default carrier" holding "traffic documents" as defined in the DPP subject to the following conditions:

A. Acceptance for transportation will be on AS’s route system only, between the points named in a given flight coupon of the default carrier.
B. Transportation will be on a standby basis only and subject to the accommodation of all ticketed passengers whether or not they hold reserved space.
C. Travel restrictions applicable to the traffic documents of the default carrier shall apply.
D. Traffic documents of the default carrier will be honored no later than twelve months from the date validated.
E. No traffic document, or portion thereof, of the default carrier will be refunded under any circumstance.

Rule 87AS - Denied Boarding Compensation: (applicable for transportation to/from the U.S.A.)

When AS, at an airport in the United States/Canada, is unable to provide previously confirmed space due to more passengers holding confirmed reservations and tickets than there are available seats on a flight, AS will take the actions specified in the provisions of this rule. This rule shall only apply to as flights departing from the United States for foreign transportation.

A. Definitions:
   1. Airport means the airport at which the direct or connecting flight, on which the passenger holds confirmed reserved space, is scheduled to arrive or some other airport serving the same metropolitan area that is served by the former, provided that transportation to the other airport is accepted by the passenger.
   2. Alternate Transportation means transportation by an airline licensed by the Department of Transportation and/or the NTA(a) or other transportation which, at the time the arrangement is made, is planned to arrive at the passenger’s next scheduled stopover (of 4 hours - no longer)
or destination no later than 2 hours for flights within the United States, including territories and possessions, or 4 hours for international flights after the passenger's originally scheduled arrival time.

3. Carrier means (a) an air carrier, except a helicopter operator, holding a certificate issued by the Department of Transportation and/or the NTA(a) pursuant to section 401(d)(1) and (2) of the act and/or Section 9 of the Air Carrier Regulations authorizing the transportation of persons, or (b) a foreign route air carrier holding a permit issued by the Department of Transportation and/or the NTA(a) pursuant to Section 16(3) of the Air Carrier Regulations authorizing the transportation of persons.

4. Confirmed Reserved Space means space on a specific date, flight, and class of service that has been requested by a passenger and that AS or its agent has verified by appropriate notation on the ticket or in any other manner provided by AS's rules, as being reserved for the accommodations of the passenger.

5. Comparable Air Transportation means transportation provided by U.S. air carriers or foreign air carriers holding certificates of public convenience and necessity or foreign permits issued by the Department of Transportation and/or the Canadian Transport Commission.

6. Ticket Lifting Point/Boarding Area means the point where the flight coupon is lifted and retained by AS.

7. Sum of the Values of the Remaining Flight Coupons means the sum of the applicable one-way fares or 50% of the applicable round-trip fares, as the case may be, including any surcharges and air transportation taxes, less any applicable discounts.

8. Stopover means a deliberate interruption of a journey by the passenger, scheduled to exceed 4 hours, at a point between the place of departure and the place of destination.

B. Request for Volunteers: AS will request passengers who are willing to do so, to voluntarily relinquish their confirmed reserved space in exchange for compensation in an amount determined by AS. If a passenger is asked to volunteer, the carrier will not later deny boarding to that passenger involuntarily unless the passenger was informed at the time he/she was asked to volunteer that there was a possibility of being denied boarding involuntarily and of the amount of compensation to which he/she would have been entitled in that event. The request for volunteers and the selection of such persons to be denied space shall be in a manner determined solely by AS. In exchange for voluntarily relinquishing confirmed space, AS may, at its option, compensate the passenger with credit valid for the purchase of transportation on AS in lieu of monetary compensation. Exception: Transportation compensation provided by Alaska or its Substitute Service Carrier may be credit valid for transportation solely on each individual carrier's route system.

C. Boarding Priorities: If a flight is oversold (more passengers hold confirmed reservations than there are seats available) no one may be denied boarding
against his/her will until AS personnel first ask for volunteers who will give up their reservations willingly, in exchange for a payment of AS's choosing. If there are not enough volunteers, other passengers may be denied boarding involuntarily in accordance with boarding priorities. Customers will be boarded in the following order until all available seats are occupied: (1) All customers holding confirmed seat assignments will be boarded; and (2) Customers who are not holding confirmed seat assignments will be boarded in order of the time they check in (Note: The computer records the time of check-in when seat requests cannot be immediately accommodated.). Possible exceptions may be made in the case of unaccompanied minors, qualified individuals with a disability, or any other passenger, who in the carrier's opinion, may suffer severe hardship. Business commitments will not, of themselves, constitute a severe hardship. Accompanied children under 12 years of age will be included in the same category as the accompanying passenger.

D. Transportation for Passengers Denied Boarding: AS will transport persons denied boarding, whether voluntarily or involuntarily, without stopover on its next flight on which space is available at no additional cost regardless of class of service, and if unable to provide onward transportation acceptable to the passenger, at the request of the passenger, will transport the passenger by other carrier or combination of carriers without stopover on its (their) next flight(s) in the same class of service as the passenger's original outbound flight(s), or if space is available on a flight(s) of a different class of service acceptable to the passenger, such flight(s) will be used without stopover at no additional cost to the passenger only if it (they) will provide an earlier arrival at the passenger's destination, next stopover point, or transfer point.

E. Compensation for Involuntary Denied Boarding: In addition to providing transportation as described in Paragraph (d) above, passengers involuntarily denied boarding will be compensated for AS's failure to provide confirmed space in accordance with the provisions below.

1. The passenger holding a ticket for confirmed space must present himself/herself for carriage at the appropriate time and place, and must have complied fully with AS's requirements as to ticketing, check-in, and reconfirmation procedures, and must have met all requirements for acceptance for transportation. The flight for which the passenger holds confirmed reserved space must be unable to accommodate the passenger and depart without him/her, except that the passenger will not be eligible for compensation if the flight on which he/she holds confirmed reserved space is unable to accommodate him/her because of government requisition of space or substitution of equipment of lesser capacity when required by operational or safety reasons.

Note: AS will inform passengers of its rules concerning check-in time limits by publication on its website, and that failure to comply with those rules will result in the cancellation of the passenger's reservation and will render him/her ineligible for denied boarding compensation.
2. Amount of Compensation:
   a) Subject to paragraph e) 1) above, AS will tender compensation in
      the amount of 400% of the fare to the passenger's next stopover, or
      if none, to his final destination, with a maximum of USD/CAD
      1350.00 However, the compensation shall be one-half the amount
      described above, with a USD/CAD 675.00 maximum if AS arranges
      for comparable air transportation, or other transportation that is
      used by the passenger, which, at the time arranged, is planned to
      arrive at the airport of the passenger's next stopover, or if none, at
      the airport of the passenger's final destination not later than two
      hours after the time the direct or connecting flight from which the
      passenger was denied boarding is planned to arrive, in the case of
      interstate air transportation, or four hours after such time in the
      case of foreign air transportation.
   b) If the offer of compensation is made by AS and accepted by the
      passenger, such payment will constitute full compensation for all
      actual or anticipatory damages incurred or to be incurred as a result
      of the failure to provide confirmed reserved space. Passengers who
      are offered such compensation will not be provided with amenities
      and services offered under the provisions of Rule 95.

3. Time of offer of compensation: The offer of compensation will be made on
   the day and at the place where the failure to provide confirmed reserved
   space occurs, and, if accepted, will be receipted for by the passenger.
   Provided however, that when AS arranges alternate means of
   transportation that departs prior to the time the offer can be made to the
   passenger, the offer shall be made by mail or other means within 24 hours
   after the time failure occurs.

F. Notice Provided Passengers:

   Our apology at this moment may seem immaterial and secondary to your
   concerns, but we are genuinely sorry that you have been involuntarily denied
   boarding on our flight. Our foremost concern is to reaccommodate and
   compensate you as quickly as possible.

   While this form describes your rights in regulatory terms as required by the
   Department of Transportation, we also feel it is equally important to answer any
   questions you may have at this time.

Compensation for Denied Boarding
If you have been denied a reserved seat on Alaska Airlines, you are probably
entitled to monetary compensation. This notice explains the airline's obligation
and the passenger's rights in the case of an oversold flight, in accordance with
regulations of the U.S. Department of Transportation (D.O.T.).
Volunteers and Boarding Priorities
If a flight is oversold (more passengers hold confirmed reservations than there are seats available), no one may be denied boarding against his or her will until airline personnel first ask for volunteers who will give up their reservation willingly, in exchange for a payment of the airline’s choosing. If there are not enough volunteers, other passengers may be denied boarding involuntarily in accordance with the following boarding priority of Alaska Airlines.

When it becomes necessary to involuntarily deny boarding to confirmed travelers, customers will be boarded in the following order until all available seats are occupied:

- All customers holding confirmed seat assignments will be boarded.
- Customers who are not holding confirmed seat assignments will be boarded in order of the time they check in. The computer records the time of check-in when seat requests cannot be immediately accommodated.
- Possible exceptions may be made in the case of unaccompanied minors, qualified handicapped individuals, or any other passenger, who in the carrier's opinion, may suffer severe hardship. Business commitments will not of themselves constitute a severe hardship.

Compensation of Involuntary Denied Boarding
If you are denied boarding involuntarily, you are entitled to a payment of "denied boarding compensation" from the airline unless:

1. you have not fully complied with the airline’s ticketing check-in, and reconfirmation requirements, or you are not acceptable for transportation under the airline’s usual rules and practices; or
2. you are denied boarding because the flight is canceled; or
3. you are denied boarding because a smaller capacity aircraft was substituted for safety or operation reasons; or
4. on a flight operated with an aircraft having 60 or fewer seats, you are denied boarding due to a safety-related weight/balance restriction that limits payload; or
5. you are offered accommodations in a section of the aircraft other than specified in your ticket, at no extra charge (a passenger seated in a section for which a lower fare is charged must be given an appropriate refund); or
6. the airline is able to place you on another flight or flights that are planned to reach your next stopover or final destination within one hour of the planned arrival time of your original flight.
Amount of Denied Boarding Compensation

**Domestic Transportation:** Passengers traveling between points within the United States (including the territories and possessions) who are denied boarding involuntarily from an oversold flight are entitled to:

1. No compensation if the carrier offers alternate transportation that is planned to arrive at the passenger's destination or first stopover not later than one hour after the planned arrival time of the passenger's original flight; or
2. 200% of the fare to the passenger's destination or first stopover, with a maximum of USD/CAD 675.00, if the carrier offers alternate transportation that is planned to arrive at the passenger's destination or first stopover more than one hour but less than two hours after the planned arrival time of the passenger's original flight; or
3. 400% of the fare to the passenger's destination or first stopover, with a maximum of USD/CAD 1,350.00, if the carrier does not offer alternate transportation that is planned to arrive at the airport of the passenger's destination or first stopover less than two hours after the planned arrival time of the passenger's original flight.

**Alternate Transportation:** "Alternate transportation" is air transportation with a confirmed reservation at no additional charge (by any scheduled airline licensed by DOT), or other transportation accepted and used by the passenger in the case of denied boarding.

**Method of Payment**
Except as provided below, the airline must give each passenger who qualifies for involuntary denied boarding compensation a payment by cash or check for the amount specified above, on the day and at the place the involuntary denied boarding occurs. If the airline arranges alternate transportation for the passenger's convenience that departs before the payment can be made, the payment shall be sent to the passenger within 24 hours. The air carrier may offer free or discounted transportation in place of the cash payment. In that event, the carrier must disclose all material restrictions on the use of the free or discounted transportation before the passenger decides whether to accept the transportation in lieu of a cash or check payment. The passenger may insist on the cash/check payment or refuse all compensation and bring private legal action.

**Passenger's Options**

   2. Carrier will refuse refund on a ticket which has been presented to government officials of a country or to the carrier as evidence of intention to depart therefrom unless the passenger establishes to the carrier's
satisfaction that he has permission to remain in the country or that he will depart from there by another carrier or conveyance.

3. Carrier shall make all or any individual refunds in the country/currency of issuance. All tickets purchased in Mexico will be treated as deferred refunds and will be forwarded to AS Mexico based accounting offices for processing. No refunds will be made at Mexico based regional sales offices.

4. Any tax or other charge that is imposed by a government authority and required to be collected from a passenger will be in addition to the published fare. Such taxes and other government-imposed charges are refundable only if the purchased fare is itself refundable according to carrier's fare rules.

Involuntary refunds of tickets, miscellaneous charges orders, or deposit receipts shall be made in the currency used for such purchase and in the country where such purchase was made, whenever possible. However, U.S. dollars refunds or refunds in the currency of the country where the involuntary refund is necessary may be made on request of passenger provided refund in such currency is not prohibited by local governmental exchange control regulations.

4. Refunds will be made in the currency in which the fare was paid, or in lawful currency of the country of the carrier making the refund or of the country where the refund is made or in the currency of the country in which the ticket was purchased, in an amount equivalent to the amount due in the currency in which the fare or fares for the flight covered by the ticket as originally issued was collected. Note: Despite the foregoing provisions, carrier will reserve the right to refuse to make any refund authorized by this tariff in a currency other than that used in the purchase of the ticket to be refunded or at a place other than that at which payment for such ticket was made.

Rule 116AS - Acceptance of Baggage - General

A. General Conditions of Acceptance:

AS will accept for transportation as baggage, such personal property as is necessary or appropriate for the wear, use, comfort, or convenience of the passenger for the purpose of the trips, subject to the following conditions:

1. All baggage is subject to inspection by AS; however AS shall not be obligated to perform inspection. AS may refuse to transport or may remove at any point baggage that the passenger refuses to submit for inspection.

2. AS may refuse to transport baggage on any flight other than the one carrying the passenger. AS may also refuse to accept property for transportation whose size, weight, or character renders it unsuitable for transportation on the particular aircraft which is to transport it; which cannot be accommodated without harming or annoying passengers; or which is not suitably or adequately packaged to withstand ordinary handling. Items without appropriate packaging may be accepted from time-to-time. In such cases, AS is not responsible or liable for loss or damage of contents or delay in delivery resulting in damage or loss of the check baggage where such loss or damage results solely from the inherent defect, quality or vice of the baggage. (See below).

B. Checked and Carry-On Baggage: The suitability of baggage, as to weight, size, and character, to be carried in the passenger compartment of the aircraft will be determined solely by AS. AS will check baggage, acceptable under AS's rules,
which is tendered by a passenger holding valid ticket for transportation on AS, or over the lines of AS and one or more other carriers, subject to payment of the applicable fee (see below) and the following conditions:

1. **Minimum Times for Checked Items:** AS may refuse to accept any article of checked baggage that has not been presented and processed at least 60 minutes prior to scheduled departure. Passengers departing from Guadalajara, Mexico must arrive at the airport in time to have their checked baggage processed at least 90 minutes prior to scheduled departure.

Note: The time limits provided within this rule are minimum requirements. Due to federal security screening measures in place at airports, passenger and baggage processing time may differ from airport to airport.

2. AS will accept checked baggage up to 4 hours prior to scheduled departure time. Exception: Ticket Counters which open less than 4 hours prior to departure will accept bags when the ticket counter opens.

3. The passenger's name must appear on the baggage. AS will supply free baggage identification labels.

4. Upon delivery to carrier of the baggage to be checked, carrier will note on the ticket the number of pieces and weight of the checked baggage (which act shall constitute the issuance of baggage check). In addition the carrier will issue for identification purposes only, a baggage claim tag for each piece of baggage so delivered and covered by the baggage check. All checked baggage must be properly packed in suitcases or similar containers in order to ensure safe carriage with ordinary care in handling.

5. Baggage will not be checked:
   a) To a point that is not on the passenger's routing.
   b) Beyond the passenger's next point of stopover or, if there is no stopover, beyond the final destination designated on the ticket.
   c) Beyond a point at which the passenger wants to reclaim the baggage or any portion thereof.
   d) Beyond the point to which all applicable charges have been paid.
   e) Beyond a point at which the passenger is to transfer to a connecting flight, if that flight is scheduled to depart from an airport different from the one at which the passenger is scheduled to arrive.

6. Live animals will not be checked beyond a point of transfer to another carrier. Exception: Live Animals may be checked to ERA Aviation or PenAir.

7. When baggage is carried on board the aircraft it may be stored in carry-on compartments of aircraft so equipped or retained in the passenger's
custody and stored under a seat or in an overhead compartment. The suitability of baggage as to weight, size and character will be solely determined by AS.

C. **Free Carry on Baggage Allowance** AS will transport the fare-paying passenger's carry-on baggage between points on its lines for which a valid ticket is presented without charge, subject to the following:

1. Each ticketed customer is allowed one carry-on bag and one personal item.
   a) The carry-on bag dimensions must not exceed 10" height by 17" width by 24" length.

2. Items exceeding the free allowance (see exceptions below) will be charged $25 per piece and tagged for delivery to baggage claim at the customer's destination.

3. All items brought onboard count toward the carry-on and personal item piece limit except the following:
   a) Coats, hats, umbrellas
   b) Reasonable amount of reading material
   c) Infant/child safety seats, baby carrier backpack, strollers (based on space availability; space guaranteed only with the purchase of a ticket for the infant)
   d) Mobility/Medical assistive devices such as wheelchairs, canes, crutches, continuous positive airway pressure (CPAP) machines, portable oxygen generator/concentrator (POC) etc.
   e) Service Animals, including properly documented emotional support animals
   f) Food for immediate consumption
   g) A pillow for personal use

4. The following items count as the "one" free carry-on bag and may exceed the carry-on dimensions as long as they can be safely accommodated in a proper stowage compartment in the cabin of the aircraft.
   a) Human organs
   b) Art/Advertising portfolios
   c) Paintings
   d) Delicate scientific equipment
   e) Fishing poles
   f) Duty Free items (International, inbound passenger connecting on a domestic flight may bring their duty-free items, purchased at a
foreign location, on board the aircraft providing the duty-free items are screened by TSA).

D. **Checked Baggage Charges**: Baggage exceeding the free carry-on baggage allowance shall be checked and will be accepted for transportation (subject to aircraft load conditions) only upon payment of the following charges. Charges are assessed to the destination or first stopover of 24 hours or more. Checked baggage charges must be paid again by passengers who continue their journey and check bags after a stopover of 24 hours or more. If a piece of checked baggage falls into more than one charge category (e.g. checked baggage, overweight and/or oversize), only the greater of the charges shall apply. Due to limited aircraft size, limited cargo hold capacity, and restricted gross take-off weights on AS flights 2000-2999 and 3380-3499, oversized and/or overweight baggage presented or transferred at departure time without a prearranged reservation for space may travel on a space-available basis.
