1. Reservations

1.1. Confirmed Seats

- 1.1.1. Direct bookings made with Spirit Airlines, customers who have purchased a reservation via www.spirit.com or by contacting 800.772.7117 (or for Spanish 800.756.7117) hold a confirmed reservation.
- 1.1.2. Travel agency or internet travel site bookings (customers who have purchased reservations through a travel agency or on the internet) other than at www.spirit.com hold a confirmed reservation.

1.2. Cancellation of Reservations

All reservations are subject to cancellation without notice if:

- 1.2.1. The customer is not present at the boarding gate at least
15 minutes prior to the scheduled departure time for domestic flights; or
30 minutes prior to the scheduled departure time for international flights
even if the customer has already checked in for the flight at a location
designated for check-in.
- 1.2.2. The customer fails to fulfill the requirements of the fare type of that
reservation. (For example, the customer who fails to notify Spirit and fails to
travel on any segment of a booked itinerary will have all subsequent segments
cancelled.)
- 1.2.3. Such action is necessary to comply with any governmental regulation or
direction, or to comply with any governmental request for emergency
transportation in connection with the national defense.
- 1.2.4. If Spirit refuses to transport the customer for any of the reasons stated above,
the customer would not be eligible for denied boarding compensation.

1.3. Check-In

- 1.3.1. Check-in begins three (3) hours prior to departure at the Spirit airport ticket
counter or may occur within 24 hours prior to flight departure if eligible for
online check-in.
- 1.3.2. Spirit reserves the right to cancel the reservation or seat assignment of any
customer who does not have a boarding pass at least 30 minutes prior to
scheduled or posted departure; 45 minutes for Atlanta, Fort Lauderdale, Las
Vegas, Los Angeles; and 60 minutes for all International and U.S.V.I. flights.
- 1.3.3. Customers wanting to check baggage are required to do so at the ticket counter
at least 30 minutes prior to scheduled or posted departure; 45 minutes for
Atlanta, Fort Lauderdale, Las Vegas, Los Angeles; and 60 minutes for all
international and U.S.V.I. flights.

2. Confirmed Reservation Validity

2.1. Confirmed Reservation Validity

No one shall be entitled to transportation without a confirmed reservation. Customers with confirmed reservations will be entitled to air transportation between airports of origin and destination. Confirmed reservations are valid for the dates and flights indicated in the reservation.

2.2. Waiver/Modification of Terms of Contract of Carriage

No employee of Spirit has the authority to modify, waive or alter any term of this Contract of Carriage unless authorized by an officer of Spirit Airlines.

3. Fares

3.1. General

Fares are subject to change until purchased. All domestic fares are per customer for each way of travel, include the base fare plus a 7.5% federal excise tax, and any applicable fuel surcharge. All international fares are per customer for each way of travel, include the base fare plus any applicable fuel surcharge. Fares do not include certain ad valorem as well as non ad valorem government imposed taxes and fees where applicable. Additional [fees](#) may apply. Spirit offers a range of fares. On certain discount fares, availability may be limited and restrictions may apply.

3.2. Currency

All fares and charges are listed in United States dollars.

3.3. Itinerary Modifications

3.3.1. Non-Refundable Fares

For non-refundable reservations, (a) changes or cancellations may be made up to 24 hours prior to departure for a per customer service fee for any changes made to an itinerary, plus any differential in airfare for the alternate requested date(s) or flight(s) and any difference in government taxes and fees and carrier ancillary charges including e.g. carry-on and checked baggage and seat selection charges, (b) changes or cancellations are not permitted within 24 hours of scheduled departure, (c) failure to provide 24 hours advance notice of cancellation or change will result in the forfeiture of the reservation and its value, and (d) a Future Travel Credit will be issued (less any applicable fees, charges and/or taxes) upon cancellation. Future Travel Credits must be booked within 60 days of issuance for travel on any flight dates available in the system and have no cash value. Reservations and Future Travel Credits are non-transferable.

3.3.2. Refundable Fares

Refundable fares purchased on or before October 25, 2010, are unrestricted and fully refundable. Changes and cancellations are permitted without a service fee; however, any new reservation will be for a non-refundable fare. Reservations are non-transferable and valid for one (1) year from the date of the original booking.

3.4. Stopover

A stopover is a voluntary interruption in the customer's journey at an intermediate city, which may result in a higher fare based on the sum of the local fares. A stopover occurs when a customer arrived at an intermediate city and fails to depart from that city on the flight:

- 3.4.1. on which space is available; or
- 3.4.2. that will provide for the customer's earliest arrival at another city or the customer's destination.

3.5. Routing

A fare applies only to the following:

- 3.5.1. Transportation via the intermediate cities specified by Spirit in reference to that fare. Any other routing may subject the customer to an additional charge.
- 3.5.2. Transportation between the airports. Reservations may not be issued or accepted for transportation that will either originate or terminate at an airport other than the airport for which the fares are published.

3.6. Children's Fare

Spirit Airlines does not offer children fares.

4. Acceptance/Refusal of Customers

4.1. Identification

A customer who refuses or fails to produce identification upon request may be denied service.

4.2. Conduct/Condition

A customer shall not be permitted to board the aircraft or may be required to leave an aircraft if that customer's conduct is disorderly, abusive or violent or if the customer:

- 4.2.1. is or appears to be intoxicated or under the influence of drugs;
- 4.2.2. interferes or attempts to interfere with any member of the flight crew in the pursuit of his/her duties;
- 4.2.3. is or is perceived by the flight crew to pose a security threat to the airline and/or other customers;
- 4.2.4. has a contagious disease that is transmissible during the normal course of a flight, e.g., chicken pox;
- 4.2.5. is unable or unwilling to sit in a seat with a seat belt fastened during the normal course of a flight;
- 4.2.6. is barefoot or inadequately clothed; and fails to obey lawful instructions of flight crew members.

4.2.7. Customers denied boarding and/or required to leave an aircraft for safety and/or regulatory reasons under paragraph 4.2 and its sub sections will not be eligible for a refund.

4.2.8. Persons who have an offensive odor may be refused transportation and removed from the aircraft unless caused by a qualified disability.

4.3. Prisoners

Spirit Airlines will not transport prisoners in the custody of law enforcement under any circumstances with or without restraints.

4.4. Respiratory Assistive Devices/Portable Oxygen Concentrators (POC)

Certain respiratory assistive devices (including portable oxygen concentrators, respirators, and ventilators) designated by the Federal Aviation Administration may be used on board Spirit Airlines. Customers using such permitted devices must do so strictly in accordance with applicable regulations, including the carriage of sufficient batteries. Spirit Airline personnel are not trained to assist with or operate such devices. Customers may contact Spirit at 1-800-772-7117 or refer to spirit.com for a list of acceptable devices and associated requirements.

4.5. Pregnancy

Customers who are pregnant are urged to consult with their physician on whether it is safe to travel by air, including with due consideration to the possibility of turbulence, cabin pressurization, significantly increased risk of deep vein thrombosis associated with pregnancy, and lack of ready access to medical care. This is particularly important for women in their ninth month of pregnancy, who are urged to obtain an examination from her physician shortly before flying to confirm that flying by air will be safe. Women with a history of complications or premature delivery should not fly at all. By travelling with Spirit, pregnant women acknowledge and accept these risks.

4.6. Disabilities

All customers with disabilities will be provided transportation except when refused transportation per the Federal Aviation Regulations regarding safety. Customers with disabilities need not give advance notice. A 48-hour advance notice is only required for the services, equipment, and accommodations stated in the U.S. Department of Transportation's 14 CFR part 382.37 (c) regarding nondiscrimination on the basis of disability in air travel.

4.6.1. Attendants

Customers with disabilities are not required to travel with an attendant unless it is determined by the carrier that an attendant is essential for safety as stated in the U.S. Department of Transportation's 14 C.F.R. part 382.29 regarding nondiscrimination on the basis of disability in air travel. Spirit personnel are not obligated to provide special assistance for personal needs (e.g., assistance in actual eating, assistance within the restroom, provision of medical services).

4.6.2. Customers of Size

Additional Seat Purchase – The purchase of more than one seat for use by a single customer is required to accommodate a customer of size who encroaches on an adjacent seat area and/or is unable to sit in a single seat with the armrests lowered.

- 4.6.2.1. The customer of size can either purchase a seat assignment in a Big Front Seat or purchase another seat on the aircraft.
- 4.6.2.2. It is the customer's responsibility to notify Spirit of a unique seating need. In accordance with the Contract of Carriage, Spirit may refuse to transport individuals who are unable or unwilling to comply with Spirit's seating requirements. If there are no available seats in the aircraft, the customer reservation is refunded without any service fee or the customer will be booked to the next available flight.

4.7. Service Animals

Spirit accepts for transportation, without charge, service animals trained to lead the hearing or visually impaired or trained in special assistance for the disabled. Check with the destination country for rules of acceptance of service animals as certain countries have restrictions and/or quarantine guidelines.

When properly behaved and accompanying a disabled customer, the service animal will be permitted in the cabin, but may not occupy a seat. Spirit reserves the right to ask if an animal is needed to provide assistance for a disability and may request documentation for service animals.

4.7.1. Emotional Support Animals

Spirit accepts for transportation, without charge, emotional support animals. As permitted under 14 C.F.R. 382.117(f), Spirit may reject certain types of animals, for example, on the basis of safety. If a customer seeks to travel with an animal that is used as an emotional support or psychiatric service animal, Spirit Airlines is not required to accept the animal for transportation in the cabin unless the customer provides current documentation (i.e., no older than one year from the date of the customer's scheduled initial flight) on the letterhead of a licensed mental health professional (e.g., psychiatrist, psychologist, licensed clinical social worker) stating the following:

- (1) The customer has a mental or emotional disability recognized in the Diagnostic and Statistical Manual of Mental Disorders-Fourth Edition (DSM IV);
- (2) The customer needs the emotional support or psychiatric service animal as an accommodation for air travel and/or for activity at the customer's destination;
- (3) The individual providing the assessment is a licensed mental health professional, and the customer is under his or her professional care; and
- (4) The date and type of the mental health professional's license and the state or other jurisdiction in which it was issued.

Animals trained to detect explosives or trained for search and rescue on official duty status may be transported. Spirit Airlines request the right to request documentation.

4.8. Refusal to Transport

Spirit may refuse to transport, or remove from any flight, any customer for the following reasons:

- 4.8.1. Compliance with any government regulation or with government request for emergency transportation in connection with national defense or national disasters (actual, threatened, or reported).
- 4.8.2. Whenever necessary or advisable by reason of weather or other conditions beyond its control (including, without limitation, acts of God, labor disturbances, strikes, civil commotions, embargoes, wars, hostilities, or disturbances) actual, threatened, or reported.
- 4.8.3. Refusal by a customer to permit a search of person or property for explosives, or for deadly or dangerous weapons, articles, or substances.
- 4.8.4. Spirit may refuse to transport any customer who is traveling across any international boundary if:
 - 4.8.4.1. the travel documents of such customer are not in order;
 - 4.8.4.2. for any reason, such customer's embarkation from, transit through or entry into any country from, through, or to which such customer desires transportation would be unlawful; or
 - 4.8.4.3. such customer fails or refuses to comply with the rules and regulations of Spirit.

4.9. Passports/Visas

Compliance with Regulations:

- 4.9.1. The customer shall comply with all laws, regulations, orders, demands, or travel requirements of countries to be flown from, into, or over, and with all rules, regulations, and instructions of Spirit. Spirit shall not be liable for any aid or information given by any agent or employee of Spirit to any customer in connection with obtaining necessary documents or complying with such laws, regulations, orders, demands, requirements, or instructions, whether given orally, in writing, or otherwise, or the consequences to any customer resulting from his/her failure to obtain such documents or to comply with such laws, regulations, orders, demands, requirements, or instructions.
- 4.9.2. Spirit is not liable to the customer for loss of expenses due to the customer's failure to comply with this provision. Spirit reserves, in its sole discretion, the right to refuse carriage to any customer who has not, in the judgment of Spirit, complied with applicable laws and regulations.
- 4.9.3. The customer agrees to pay the applicable fare whenever Spirit, on government order, is required to return a customer to his or her point of origin or elsewhere due to the customer's inadmissibility into or deportation from a country, whether of transit or of destination.

- 4.9.4. Spirit reserves the right to hold, photocopy, or otherwise make an image reproduction of a travel document presented by any customer and accepted by Spirit as a condition of boarding.

5. Acceptance of Children

5.1. Accompanied Children

- 5.1.1. For travel wholly within the United States and its territories, children under 15 years of age are accepted for transportation when accompanied on the same flight and in the same compartment by a customer at least 15 years of age.
- 5.1.2. For travel to/from an international destination, children under 15 years of age must be accompanied by a customer 15 years of age or older, and are required to have a valid passport and all foreign government documentation required for entry into and departure from the foreign country. These documents must be provided to Spirit at time of check in. It is the customer's responsibility to verify foreign government documentation and entry requirements.

5.2. Unaccompanied Children

Unaccompanied children are accepted for transportation as follows:

- 5.2.1. For travel wholly within the United States and its territories, children at least 5 years of age through 14 years of age are accepted for unaccompanied travel on Spirit flights that do not involve a scheduled change of aircraft (i.e., connecting flights). Unaccompanied children will not be accepted for travel on connecting flights nor on international flights.
- 5.2.2. Children less than 5 years of age will not be accepted for unaccompanied travel.
- 5.2.3. All travel by unaccompanied children must be on flights on which the child holds a confirmed reservation. The unaccompanied child must be brought to the airport by the parent or other responsible adult who must remain until 15 minutes after the flight's departure. Spirit must be provided the name and phone number of the parent or other responsible adult who will meet the child upon deplaning.
 - 5.2.3.1. The Customer Service Agent documents the information on an Unaccompanied Minor form, and places a copy of this information into a pouch. The pouch is then placed around the child's neck to identify to the Flight Attendants that the child is traveling alone as an unaccompanied minor.
 - 5.2.3.2. The person dropping off the child must obtain a gate pass at the reservation counter (where permitted), escort the child to the gate, and remain in the gate area with the unaccompanied minor for at least 15 minutes after the flight takes off. The person picking up the unaccompanied minor must obtain a gate pass at the reservation counter (where permitted) to proceed to the gate for the arrival of the flight. Spirit Airlines requires a photo Identification from the person(s) designated to meet the minor at the destination and will not release the child to anyone else.

5.2.3.3. Spirit Airlines will not assume any financial or guardianship responsibilities for an unaccompanied child beyond those applicable to an adult customer. In addition, Spirit Airlines will not assume any liability for any out-of-pocket expenses incurred by the adult transporting the unaccompanied minor from the airport when there is a delay and/or flight cancellation.

5.2.4. A service fee will apply for all unaccompanied minors and includes Federal Excise Tax required to be collected and remitted to the U.S. government.

5.2.5. Gate Passes and Handling Procedures for Unaccompanied Minors

All Unaccompanied Minors must check in at the reservation counter. The person bringing and/or picking up the Unaccompanied Minor must obtain a gate pass at the reservation counter at the airport permitting them to accompany the minor to/from the gate. Electronic Gate Passes are only provided for an escort of an Unaccompanied Minor and for people who require assistance. They are not issued to anyone who requests a gate pass; there must be a valid reason. TSA requirements/security restrictions may vary based on the airport.

5.2.6. Traveling to/from international destinations, Spirit does not offer unaccompanied minor service. Young adults aged 15 or older can travel alone provided they have a valid passport and any other documents required by the country they are traveling to.

5.3. Infants

5.3.1. Spirit encourages all adults traveling with children under the age of two (2) to purchase a seat for the child and secure the child in an FAA approved car seat. A paying adult customer may carry on his or her lap one child over seven (7) days and under two (2) years of age. A birth certificate may be required to validate the child's age.

5.3.2. If space is available after boarding, or if a separate reservation has been made for the child over seven (7) days and under two (2) years of age, the child may travel in a separate seat, provided that the child must be securely placed in an FAA approved child restraint system (car seat) that conforms to the following guidelines:

5.3.2.1. Child Seats manufactured before 2/26/1985 must bear the label "This child restraint system conforms to all applicable federal motor vehicle safety standards."

5.3.2.2. Child Seats manufactured after 2/25/1985 must bear the following two labels:

1) "This child restraint system conforms to all applicable federal motor vehicle safety standards" and

2) "This restraint is certified for use in motor vehicles and aircraft."

5.3.2.3. Child Seats bearing the approval of a foreign government or seats manufactured under the standards of the United Nations are also acceptable.

- 5.3.3. An infant, age seven (7) days or less or an infant requiring an incubator or other life-support systems shall be denied boarding.
- 5.3.4. On Spirit Aircraft there are specific placement policies for child car seats. See Travel Policies on www.spirit.com.

6. Baggage

6.1. Carry-On Baggage

- 6.1.1. One (1) carry-on bag is permitted in the aircraft cabin.
- 6.1.2. Spirit Airlines customers may bring one (1) carry-on bag plus one (1) personal item (such as a purse, briefcase, laptop computer, backpack, musical instrument, or duty free item) on board.
- 6.1.3. The carry-on bag must fit in the overhead bin and the personal item under your seat. Carry-on bag dimensions may not exceed 24 inches by 16 inches by 12 inches (61cm x 40.6cm x 30.5cm). - 6.1.7. Car Seats
 - 6.1.7.1. Car seats may be carried on board the aircraft if a seat has been purchased for the child; one (1) child per car seat. If the car seat is not able to be safely accommodated on the aircraft (ex. car seat too large for the aircraft seat) and the customer has purchased an extra seat, a refund will be issued without penalty.

6.2. Checked Baggage

- 6.2.1. Fees apply for all checked baggage. All checked baggage fees are non-refundable and may be paid in advance or at the airport. Certain countries may require taxes be collected on baggage fees. In such instances, in addition to any other applicable fee set forth herein, such taxes will be collected by Spirit and paid over to the taxing authority or as required under local regulations. In the event of a modification of itinerary the customer must pay any increase in the checked baggage fee. See Section 3.3.1.

Customers can check www.spirit.com under Travel Policies for specific countries affected and for additional baggage restrictions, if any.

Times shown in a timetable or elsewhere are not guaranteed and form no part of the terms of transportation. Spirit may, without notice, substitute alternate carriers or aircraft, and may alter or omit stopping places shown on the reservation. Schedules are subject to change without notice. Spirit is not responsible or liable for making

connections, or for failing to operate any flight according to schedule, or for changing the schedule of any flight.

7.2. Rebooking

When a customer holding a confirmed reservation on a flight will be delayed because of a schedule irregularity (including but not limited to, a missed connection, flight cancellation, omission of a scheduled stop, substitution of equipment, a different class of service or schedule change), Spirit will rebook the customer on Spirit's first available flight on which seats are available to the customer's destination without additional charge.

Spirit will not reimburse customers for flights that they take on other carriers.

7.3. Amenities/Services for Customers

Spirit will not assume expenses incurred as a result of a flight delay, cancellation, or schedule change. Spirit may provide limited amenities and services, which may be required by certain customers in order to maintain their safety, health and welfare. Amenities provided by Spirit are provided as a courtesy to the customer and are not to be considered an obligation of Spirit. No lodging will be provided to a customer on any Spirit flight which is delayed or canceled in the originating city on the customer's reservation.

8. Delayed and Canceled Flights

When Spirit is unable to provide a previously confirmed seat due to an oversell condition, Spirit will take voluntary and/or involuntary denied boarding customers in accordance with regulations of the U.S. Department of Transportation action as specified below:

8.1. Voluntary

If a flight is oversold (more customers hold confirmed reservations than there are seats available), no one may be denied boarding against his or her will until airline personnel first ask for volunteers who will give up their reservations willingly in exchange for payment of Spirit's choosing.

8.2. Involuntary

If a flight is oversold and there are not enough volunteers, other customers may be denied boarding involuntarily in accordance with the following:

8.2.1. The last customer(s) to check in may be denied boarding in the event of an oversell, however Spirit reserves the right to determine the manner of priority per 14 C.F.R. Section 250.3.

8.3. Exceptions to Payment of Compensation for Denied Boarding

No denied boarding compensation will be made if:

8.3.1. The denied boarding is a result of the cancellation of a flight or a substitution of an aircraft of lesser capacity when required for operational or safety reasons.

8.3.2. The customer is accommodated on a flight scheduled to arrive within one (1) hour of the original arrival time.

- 8.3.3. The customer has not fully complied with the airline's reservation or check-in time limits or the customer is not acceptable for transportation under the airline's usual rules and practices.

8.4. Denied Boarding Compensation

The regulations at 14 C.F.R. Sec. 250.5(b) provide:

Carriers may offer free or reduced rate air transportation in lieu of the cash due under paragraph (a) of the section if (1) the value of the transportation benefit offered is equal to or greater than the cash payment otherwise required, and (2) the carrier informs the customer of the amount of cash compensation that would otherwise be due and that the customer may decline the transportation benefit and receive the cash payment.

- 8.4.1. With a zero (0) to one (1) hour arrival delay, no monetary compensation is due.
- 8.4.2. With a one (1) to two (2) hour arrival delay (or one (1) to four (4) hours on international flights), the compensation is equal to 100% of the sum of the face value of the remaining flight coupons for the denied boarding segment(s), with a \$400.00 USD maximum.
- 8.4.3. With an arrival delay over two (2) hours (or more than four (4) hours on international flights), the compensation is equal to 200% of the sum of the face value of the remaining flight coupons for the denied boarding segment(s), with a \$800.00 USD maximum.
- 8.4.4. If the airline cannot arrange alternate transportation* for the customer, the compensation is equal to 200% of the sum of the face value of the remaining flight coupons for the denied boarding segment(s), with a \$800.00 USD maximum, in addition to a refund.

All unused Spirit flight coupons one way, including connection flights to the customer's final destination or first four (4) hour stopover, are used to compute the compensation.

*Alternate transportation is air transportation or other transportation used by the customer which, at the time the arrangement is made, is planned to arrive at the customer's next scheduled stopover (of four (4) hours or longer) or final destination according to the timelines stated above. "Comparable transportation" must be on a confirmed reserved basis and at no extra charge.

8.4.5. Method of Payment

The airline must give each customer who qualifies for denied boarding compensation a check for the amount specified above, on the day and place the involuntary denied boarding occurs. However, if the airline arranges alternate transportation for the customer's convenience that departs before the payment can be made, the payment will be sent to the customer within 24 hours. Spirit may offer free reservations in place of cash payment; however, it is the customer's option which form of payment they choose to accept.

Acceptance of compensation by the customer relieves Spirit from any further liability to the customer caused by Spirit's failure to honor the confirmed reservation.

8.5. Denied Boarding Outside the U.S.

Where there is an oversold Spirit flight that originates outside the U.S., the following provisions apply:

- 8.5.1. If local laws regulate oversold flights on Spirit, then Spirit will apply the local law.
- 8.5.2. If no local law regulates oversold flights, then the procedures stated above will be applied.

- 9.3.2. All refunds will be subject to government laws, rules, regulations, or orders of the country in which the reservation was originally purchased and of the country in which the refund is being made.

If you have time to plan and are flexible with your travel dates, booking travel and purchasing your reservations in advance may result in a lower fare, especially during peak travel seasons and holidays.

2. Notify Customers of Known Delays, Cancellations and Diversions

Spirit's Commitment:

We will give our Customers, whether at the airport, onboard an aircraft, or elsewhere with computer or telephone access, the best available information regarding delays and cancellations in a timely manner.

Because we know that timely and accurate communication regarding travel interruptions is important, we make every reasonable effort to provide Customers and employees with the most accurate, up-to-date flight information as quickly and frequently as possible.

Recommendations:

Prior to your trip, you can visit our Flight Information page on spirit.com for flight and travel information.

When making your reservations, providing Spirit with your contact information (phone numbers and/or e-mail address) can help us reach you in the event that a delay or cancellation becomes apparent before you leave for the airport or while you are in transit. Simply enter the information when making a reservation online at www.spirit.com or give it to your Spirit reservations agent.

If a flight is delayed or cancelled, Spirit works automatically to re-accommodate Customers in advance when possible. If you miss your connection due to a delayed flight, or if your flight is cancelled, a new boarding pass for your revised itinerary may be obtained at the airport.

3. Deliver Baggage On Time**Spirit's Commitment:**

We strive to ensure that all checked baggage arrives at your final destination. Representatives will be available during posted hours for Customers who require assistance with missing baggage.

1. If your bag is not at baggage claim:

In the unlikely event your baggage does not arrive at your destination with you, please file a delayed baggage report to immediately initiate a search for the missing piece(s). For your convenience, you can file the delayed baggage report in the baggage claim area or with a Customer Service Agent. Once your belongings are located, they will be returned to you as quickly as possible.

2. If your baggage cannot be located within five (5) days:

You will need to complete a Customer Property Form so that our central baggage office can assist with advanced tracing. This is a different form from the delayed baggage report you will have filed at the airport. Additional information and details that you provide on this form will help improve the likelihood of success in locating your baggage. Please return this form to Spirit within 30 days of the day your bag did not arrive.

Spirit offers Customers whose baggage is missing the convenience of tracking the status of their claim by visiting our bag tracking service at:

<https://spiritprod.nettracer.biz/tracer/passengerview/passengerviewonly.do>.

3. If we are unable to locate and return your belongings within 45 days:

If we are unable to locate and return your belongings within 45 days of the original claim and you filed a Customer Property Form as described above, Spirit will complete and pay your claim subject to limits under applicable law.

Recommendations:

We recommend you attach a baggage identification tag to each of your bags that clearly displays your name, address and telephone number. In addition, we suggest you place this same information and a copy of your itinerary inside the bags.

If you arrive at your destination and a baggage mishandling has occurred, please go to the airport's baggage services office to file a claim and report any concerns before leaving the airport. Retain your baggage claim receipts for tracing and settlement, if necessary.

Be sure to carry necessities such as medication, keys and passports, as well as cameras, electronics, iPods, laptop computers, jewelry, cash and personal documents with you on the aircraft.
